

First allow us to congratulate you on your upcoming special event and Thank You for choosing Ali B Maids for your Bridal & Special Occasion needs!

Following are steps you will take to ensure a smooth transaction...remember, you are custom ordering dresses, therefore all sales are final, so take time to review and verify all your selections to ensure accuracy.

**BRIDES/BRIDESMAIDS:** Please be sure to contact us at [inquiries@alibmaids.com](mailto:inquiries@alibmaids.com) before placing an order to let us know the number of people in your bridal party so they will be processed together. We will not begin production until all members have placed their individual orders – this ensures dye lot consistency for your bridal party. Failure to do so may result in varying shades. When placing your order use the **Add Special Notes to Ali B:** box to state the Brides first and last name and event date for office use.

***ALL bridal party orders MUST be received COMPLETE Including additional Add-on sales (i.e. men's pocket handkerchiefs, ties, shawls, sashes, make-up bags, fabric by the yard etc...) or we cannot ensure dye-lot consistency.***

#### Step 1:

It is important that the measurements you provide us are precise. It is essential to have the proper undergarments on when taking these measurements to ensure the best fit possible. It is recommended that you or your bridal party visit their local and trusted tailor or seamstress; they can take your measurements accurately. Please obtain the BUST, WAIST, HIPS and HOLLOW-TO-HEM Note: Height measuring more than 58" hallow to hem will require an extra length add-on charge. Please be sure to select and add the 6" Hem option when placing your order. Click here to download our **How to Measure** Chart.

#### Step 2:

Refer to **OUR size charts only** when choosing your size – In this industry, all sizing is not consistent, each designer has created their own template to which they create their designs from. Simply reference our size chart to determine your correct size using the measurements you have obtained from your tailor or seamstress. If you find your sizing to be in between sizes, it is commonplace to use the largest measurement and order the appropriate size. Remember! It is always easier to take a gown IN than to try to let OUT a seam. We do offer custom sizing for those special circumstances.

#### Step 3:

Once you are ready to place an order, please visit our **Terms & Policies** page. Carefully review this document in its entirety.

Once you have reviewed our Terms & Policy page, you are ready to order!
